NOTES REGARDING ISSS ANNUAL REPORT DATA

Student Statistics

The student data in the ISSS Annual Report is based on the reporting requirements of the Institute of International Education publication, *Open Doors*.

For the *Open Doors Foreign Student Report*, international students must be 1) Enrolled by the end of the second week of classes of the fall semester and 2) On a valid non-immigrant visa. The data, therefore, does not include permanent residents, refugees, asylees, undocumented immigrants, and students with an unknown immigration status.

The numbers in this Annual Report differ slightly from the data reported for *Open Doors* as follows:

- The ISSS Annual Report excludes students on Optional Practical Training (OPT) and Academic Training (AT) because they are not enrolled in classes. In Fall 2019, the University had 1,161 students on OPT and AT.

In addition to the data provided for the *Open Doors* report, the ISSS Annual Report breaks down international student data by colleges, departments, academic programs, and degrees received.

Scholar Statistics

For the *Open Doors Foreign Scholar Report*, international scholars must be: 1) Employed at the University of Minnesota Twin Cities sometime during the previous fiscal year (July 1 through June 30) and 2) On a valid non-immigrant visa during that time. The international scholar statistics included in this report, therefore, are for the 2018-2019 fiscal year.

ADDITIONAL REPORTS OF INTERNATIONAL STUDENTS

The Office of Institutional Research (OIR) at the University of Minnesota sends enrollment reports to the National Center for Education Statistics Integrated Post Secondary Education Data System (IPEDS). However, the focus of the IPEDS report is on a student's ethnic background rather than visa status. Therefore, in the IPEDS report "international students" include 1) non-immigrant visa holders and 2) refugees, asylees, and undocumented immigrants. Because the records that would identify this latter group of students are missing or incorrect, they are often undercounted in the IPEDS report. As ISSS and Open Doors report only non-immigrant visa holders, the figures for "international students" from IPEDS do not match those in the ISSS Annual Report and the Open Doors report.
