STEP 4: ENTER YOUR COUNTRY & SELECT PAYMENT METHOD

- You are now in Flywire’s payment portal. Enter the country you are paying from.
- Based on your country selection, Flywire will automatically display your local currency rate with the appropriate payment options, such as traditional bank transfer or debit/credit card payment.
- Traditional bank transfer (also known as a wire) is the most cost-effective method. Please note that to complete the payment you will need to make an arrangement with your bank (in-person, online, or over the phone) and send your funds to Flywire in your chosen currency.
- Debit/credit card will allow you to make an online payment in your home currency. Contrary to a traditional international credit card payment, with Flywire we are handling the foreign exchange so you will know the exact amount that will be deducted from your account before making your payment. Please note that credit card payments are not available in every country.
- Flywire will then convert your currency and pay your institution.
- If you have an account in a different currency that you would prefer to use, select that country in the “what country are you paying from” field instead.
- If you select your home country, but you don’t see your home currency, not to worry — you can always pay in the currency of your institution or select a different currency. The process and benefits will remain the same, however, your bank will handle the foreign exchange before sending the funds to Flywire.
**STEP 5: ENTER PAYER & STUDENT INFORMATION**

- Follow the prompts to fill in both the payer and student information.
- On the Payer information page, the option to receive text notifications for payment status updates is available when a mobile number is provided.
