

**RECOMMENDATION FOR A REDUCED
COURSE LOAD DUE TO A DISABILITY**

This form must be completed by an Access Consultant at the UMN Disability Resource Center.

Student Name: _____ University ID number: _____

F-1 students must enroll full-time during Fall and Spring semesters according to immigration regulations. "Full time" is generally defined as 12 credits for undergraduate students and 6 credits for graduate students.

A student may be authorized to enroll in fewer credits if they would be unable to enroll and succeed in a full course of study due to a disability.

Attention Access Consultant:

Use this form to indicate your recommendation that this student enroll in a reduced course load; you do not need to include details about the student's disability.

This recommendation is for the following Semester/Term: Fall 20__ Spring 20__ Summer 20__
A new recommendation will be required for each semester.

The Disability Resource Center has documentation of a disability, and I recommend that the student enroll in a reduced course load as a reasonable accommodation.

Signed _____ Print Name _____

Title _____ Date _____

Attention Student: Once this form is completed, you should scan it, and submit it as part of your Reduced Course Load Request through MyISSS.
